THE PAPER HOLDING SYSTEM FOR COMMERCIAL & DOMESTIC USE

Organiza provides a simple, effective way to display your important documents. From large maps to small memos and notes, simply slip it in and it's secured.

Organiza's sleek form is designed to complement any modern office or workplace decor. The perfect partner for white boards, blackboards and pin-up boards.

Used in offices, factories, restaurants, supermarkets, schools and homes.

The document is simply inserted by sliding it up into the Organiza until it hits the paper stop.

To release the paper, hold the bottom of the page and lift upwards, pulling it away from the mounted position. This allows the paper to release freely.

For the best display, reference and management of multiple documents, overlap the pages. Documents can extend past the end of the Organiza.

Organiza Multi Display System:
Each sheet tucks into the paper wedge of the Organiza below.

Promotional Samples: Use Organiza as a corporate gift.

Organiza Specifications

APPLICATIONS

- Suitable for:
- memos
 - maps
 - artwork
 - posters
 - brochures
 - plans
 - invoices
 - job cards
 - photographs
 - advertising displays

FEATURES

Moulded Utility Groove:

For pens, white board markers and rulers.

Vertical Display System:

A special paper wedge on the top rear edge captures the bottom of documents from an Organiza above. This is useful when displaying large rolled documents such as maps.

End Caps:

Recessed end caps allow documents to extend beyond the unit ends.

CAPACITY

Paper Holding System:

Paper and card from 0.05 to 4.0mm.
The paper is held securely without damage to the document.

CONSTRUCTION

Durable, light weight extruded aluminium.
Moulded end caps.

FINISH

Powdercoated white (standard colour).
Custom & corporate colours are available.

MOUNTING

- Screws - for a high strength fixture.
- Double sided adhesive tape - suits most environments. (Available on sizes up to 600mm.)
- Self adhesive magnetic strips - for white boards and metal surfaces.

SIZE

210mm, 300mm, 600mm, 900mm, 1200mm, 1500mm, 1800mm, 2100mm, 2400mm & 3000mm.
Custom sizes can be ordered.
